

Access to Sensitive Locations

ICE must generally avoid enforcement action at sensitive locations including but not limited to:

Healthcare Facilities

Schools

Places of Worship

Religious Ceremonies

Public Demonstrations

ICE DOES NOT:

- conduct training,
 - have effective complaint mechanisms, nor
 - keep records of violations
- with regard to its sensitive locations policy

The Trump administration created a culture of fear enacting over

400

anti-immigrant policies.

Due to a lack of access to healthcare, Hispanics and Latinx communities have suffered:

1.3x more cases

3.2x more hospitalization

2.3x more deaths

related to COVID-19 than have their white counterparts

An estimated

5,151,000

US-born children living with undocumented parents are at risk of developing “**toxic stress**” as a result of status-related fear and isolation.
